

# Brighter Days

Peaceful thoughts and holy ways,  
lead us on to brighter days.  
Grasp the light toward the end.  
God is good, so we depend.  
Guiding us on through this haze.  
He is leading us toward brighter days.  
As the hardships came on in,  
it is then that we will think of him.  
Our Lord is saving us a place,  
to stay at in the brighter days.  
The world a test for love so true.  
God, our father, loves us too.  
If our hearts shall start to fade,  
he will remind us of the brighter days.  
The final day may soon come fast.  
Our sins, vague memories of the past.  
Struggles are hard, but remember to stay;  
with him, provider of brighter days.
