

# Beautiful Lover

Where are you now?  
Where have you been?  
My beautiful lover I miss you.  
You lost your way.  
You found a sin.  
My beautiful lover I miss you.  
I let you down.  
You ran so far.  
My beautiful lover I miss you.  
My broken promise.  
Your heart long scar.  
My beautiful lover I miss you.  
Please return to me.  
My arms open wide.  
My beautiful lover I miss you.  
You can change me.  
Standing by my side.  
My beautiful lover I need you.
