

# Cloud Nine

*A place for all the things we need.  
Golden love and heart and peace.  
All the friends we make right here,  
remain our friends far and near.  
Anything we learn these nights,  
teaches us to keep the light.  
Every time we worship aloud,  
God encircles us with His cloud.  
A happy place, we will wish to stay.  
When we leave we will try to obey.  
A place where he has yours and mine.  
This heavenly place is Cloud Nine.*
