

# Haunted

I used to feel so alive, but now I feel so dead.  
Is this all because i have allowed myself to be haunted?  
I used to walk brave, but now i stand afraid.  
Is this all because I have allowed myself to be haunted?  
My life was such a feast, but now it is crumbs of bread.  
Is this all because i have allowed myself to be haunted?  
I used to be decisive, but now my mind is confused instead.  
Is this all because i have allowed myself to be haunted?  
I use to starve my desires, but now they are all fed.  
Is this all because i have allowed myself to be haunted?  
I use to be so innocent, but now my hands are red.  
Is this all because i have allowed myself to be haunted?  
My good side used to rule, but my bad side has pulled ahead.  
Is this al because i have allowed myself to be haunted?  
My relationships used to be pure, but now they all lead to bed.  
Is this all because i have allowed myself to be haunted?  
I use to be so alive, but now you have found me dead.  
Why did I allow myself to be so haunted?
